time is the severest test of any product. It could fill this whole paper with testimonials from persons who endorse Kapoline after all else has failed, Kapoline is just what nature needs as aid in producing a beautiful growth of long straight hair. Not the matted gummy kind, but hair that is fluffy and full of life, checks falling hair, eliminates dandruff, strengthens and primotes a growth of long silk-like hair.

KAPOLINE MAKES NOTTY KINKY HAIR STRAIGHT WITHOUT

The hair must be thoroughly washed. We recommend Kapoline Shampoo, as it puts the hair in a clean antiseptic condition. To apply Kapoline rubbing well into the scalp for six nights, brush and comb the hair thoroughly night and morning during the treatment. After about six days' treatment you will have beautiful straight hair, Kapoline saves worry, throw away your hot combs that are only drying your scalp and doing no good whatsoever.
